INDUSTRIES INJURED

Business Men Complain of Building Permit Laws.

ONE CANNOT PUT IN A MOTOR

Complaints Are Made to Jobbers and Shippers' Body by Men Whose Business Is at a Standstill Because of Red Tape Observed by District Officials—They Will Protest.

The manner in which the District laws and regulations hamper, if they do not prohibit, the establishment of manufacturing industries, was again the subject of discussion before the board of directors of the Jobbers and Shippers' Association yesterday afternoon. Several concrete cases were brought out in the discussion and through complaints made to the board.

One of them was from a box manufacturer, who was obliged to wait six weeks or more for the permit to install an electric motor to drive the machinery. This complaint, in writing, with other difficulties of the would-be manufacturer, will be considered at the next meeting of the board.

Another case was that of a machinist who sought to start a shop for grinding paper-cutting knives in an alley in the northwest section. The machinist rented a building, bought his grinding apparatus, and applied for a permit to install a 2-horsepower motor to drive it. That was nearly three weeks ago, and he is confronted with the payment of another month's rent before he can start a wheel to earn a cent of money.

Told to Get Thirty Signatures.

The machinist was told that he must get the signatures of thirty property holders along the alley to his application for a permit before the District electrical department would issue it. One of the property holders, who owns three lots in the alley and without whom he cannot secure the consent of a majority of the property holders, is an aged woman, suffering from paralysis, who has been bed-ridden for three years and is unable to sign the paper, even if the contents of it could be explained to her.

Yet, with the facts before them, it is said, the District authorities will not yield from the strict letter of the law, and the machinist cannot even secure the signature of some one else representing the aged invalid.

Saloon Man Balks Printing Firm.

Another case was cited of a prominent printing company, which has already ten electric motors in its plant, but wants another to run a specially designed press, recently installed. This company, in like manner, is called upon to get the signatures of a certain number of property holders and tenants in the neighborhood. For two weeks the firm has been blocked by the animosity of a saloon keeper, who is said to have a grievance against the printing firm, and will not sign the petition.

These cases were discussed at some length, and it was decided that a committee consisting of Ross P. Andrews and Mr. Graves should, in company with the three complainants, seek a hearing before the District Commissioners.

A letter was read from the National Cash Register Company stating that it contemplated establishing its Eastern factory near New York, or in New England, instead of as far south as Washington.

Freight Facilities Improved.

The freight committee reported that shipping facilities of the city are now working much better than at any time in the past. The committee reported that the service will continue to improve as freight shipments grow larger.

A plan was discussed of starting a general credit information bureau in connection with the secretary's office. The plan was referred to a committee of three, to be appointed by the chair, to complete the scheme and report at the next meeting.

The Secretary's Club placed before the board a study he had recently made of the workings of the Cleveland Chamber of Commerce, and pointed out how some of the plans in operation there might be applied to Washington.

The next meeting will be held on Friday afternoon, January 4.

WATER METERS MAKE MONEY.

District's Receipts Show Increase of \$80,000 Over Last Year.

As the result of increased water rents the District this year is richer by \$80,000. From July 1, 1906, at which time the water rents were due in advance, to December 4, the water department, under the supervision of George W. Wallace, water register, has collected approximately \$400,000 from the District water consumers, an increase of \$80,000 over last year's receipts.

This showing, according to the officials of the office, will in time more than offset the heavy appropriations needed to install water meters in the District. Congress at the last session appropriated \$100,000 for the first instalment of meters, which, according to Supt. W. C. Macfarland, will provide about 15 per cent of dwellings.

To complete the project of installation of meters it is estimated that \$550,000 will be needed.

NEWELL CASE IS CALLED UP.

Man Said to Have Shot Former Employer on Trial.

The case against Alphonso M. Newell, who is indicted for committing assault with a dangerous weapon and with intent to kill, upon Victor E. Adler, on October 31, was called for trial yesterday afternoon. It is charged that Newell went to Adler's store, at Seventh street and Massachusetts avenue, and after demanding certain explanations, shot Adler in the arm.

According to the testimony of Adler, Newell had been in his employ for the last fifteen years, and that on the day mentioned he demanded to know from Adler whether he was going to "set him (Newell) on his feet." Mr. Adler replied he did not know of any such promise, whereupon it is alleged Newell shot him, at the same time threatening to kill him. The case was continued.

New Buildings Planned.

W. H. Roberson is preparing to erect a large two-story frame dwelling at 1859 Monroe street, which he will later occupy as a home. The permit for the building was issued yesterday, and the cost is estimated at \$35,000. Edward Landvoigt will erect the house under the supervision of Architect N. R. Grimm. E. L. Pettit will build six two-story brick stores at 2500 Fourteenth street and 1401 to 1411 Florida avenue, at an estimated cost of \$100,000. The architect is N. R. Grimm and the builder F. L. Lewis.

We Handle Only the Finest Meats.

COMMITMENT OF INSANE.

Supt. White's Strictures on Methods in the District of Columbia.

Supt. William A. White, of the Government Hospital for the Insane, in a letter to the Secretary of the Interior, describing his observations of hospital management while abroad last summer, thus comments on methods of committing the insane to asylums in the District of Columbia and elsewhere:

As regards the method of commitment, I found nowhere any such method employed as is now in use in the District of Columbia, and against which I have been contending ever since I have been in Washington. In every country I visited, the insane are practically sent to a jury trial, except in England a jury trial is had, but only when it becomes necessary to appoint a guardian or committee. The commitment is made in England directly by the court. There are several methods, but it amounts in general to the same thing, the commitment upon satisfactory evidence and upon the examination of physicians. In Germany, very often there is no medical examination made. Patients are sent directly to the hospital, and the hospital authorities are trusted to keep them as not, as may be necessary. In rare instances a case may be brought before the court for decision, in which instance the court, consisting of its several judges, but having no jury, instead of summoning the patient before it, goes to the hospital and sits there and takes evidence. This, practically, is almost unheard-of procedure, it is so rare.

Usually if a patient has a complaint to make, it is referred to the director (superintendent), and if his decision is not satisfactory it may be referred to the medical officer, who is appointed by the government to inspect institutions and his decision is final. I can repeat what I have many times said in the past, and from a wider experience, that the District of Columbia stands absolutely with about as civilized world in its atrocious method of committing the insane.

STOP STOCKHOLDERS' MEETING

Fankhauser Says Company Will Not Sell Him More Stock.

Claims He Made Contract for Delivery of Certificates He Could Not Get Upon Tendering Money.

Justice Gould signed a decree yesterday enjoining the American Telegraph and Telephone Company, its officers and agents, from holding a meeting which was to have taken place in the Hutchins Building yesterday. This injunction, returnable Friday, was issued on the petition of Charles K. Fankhauser, of New York, who began suit for the enforcement of a contract with the company for the delivery to him of 25,000 shares of stock for the sum of \$375,000. Mr. Fankhauser claims that of this number there were delivered to him 60,000 shares, for which he paid \$100,000. He alleged that the minority stockholders and the officers of the company have conspired to deny him his rights and defraud him by refusing him 25,000 shares of stock, for which he alleges he tendered payment.

Mr. Fankhauser says the company, at its organization, was capitalized at \$500,000, and that prior to July 1 last he made a contract with them to sell him 25,000 shares for \$375,000. He declares that on December 1 he was prepared to pay an additional sum of \$100,000, but that the company, demanding his proportionate number of shares, the defendant, Fankhauser declares, declined to transfer the stock to him or accept the money, which, he claims, constitutes a breach of contract. He contends that this is thus prevented from securing the 25,000 shares which would make him the lawful owner of at least 35,000 shares, and entitle him to vote at the meeting which was to have been held yesterday.

BAKERS COMPLAIN OF RATES.

Claim Express Company Charges on Breadstuffs Are Excessive.

The bakers of Washington are up in arms against the Southern Express Company, and with the aid of the Jobbers and Shippers' Association will make a strenuous effort to stop the alleged overcharge on breadstuffs shipped in large quantities from this city every morning.

The Southern Express Company officials claim they are not wholly responsible for the new raise in rates, but that they are conforming with the rules regarding this special kind of business, which were laid down by the Interstate Commerce Commission recently.

A meeting of the bakers was held yesterday afternoon in the office of the American Security and Trust Company when the subject was widely discussed. They have not fully decided as to what steps they will take, and will hold another meeting next week.

CHARGES DESERTION.

Brashears Asks Divorce After One Year of Wedded Life.

George Brashears yesterday began suit in the District Supreme Court against his wife, Lester M. Brashears, for absolute divorce. He charges infidelity and desertion. They were married at Rockville, Md., December 13, 1905, and he alleges that two months after the marriage she deserted him.

Chief Justice Claiborn, of the District Supreme Court, yesterday granted an absolute divorce to Walter Eugene Degroot from Mary Cleary Degroot, on the ground of infidelity. They were married on St. Patrick's Day, 1902, at Montreal, Canada.

New Auction Company Organized.

The National Auction Company has been granted a charter of incorporation to do a general auction business in this city. G. E. McKnew, E. A. Malcolm, John R. Jerrell, Edward Cooper, and E. W. Kinsey are the incorporators. The new firm is located in commodious quarters at 729 Thirtieth street northwest. G. E. McKnew, manager, is well known in the auction business in this city. This company will hold regular weekly sales and also will make a specialty of sales on short notice.

K. O. T. M. Elects Officers.

At the regular meeting of Mount Vernon Tent No. 4, K. O. T. M., held December 6, officers for the ensuing term were elected as follows: W. M. Adamson, Jr., commander; A. G. Sydnay, lieutenant commander; Frank Hannan, finance keeper; Charles J. Gates, record keeper; F. H. Sturges, chaplain; C. M. King, sergeant; B. J. Geier, master at arms; Perry King, first master of guards; J. L. Becker, second master of guards; Edward Kelley, sentinel; Robert Thomasson, picket; W. D. Peck, trustee.

Robbed Soldier; Gets Long Term.

Bernard F. Keenan, who recently assisted an old soldier named Henry Schroeder, as he was enjoying himself along a Pennsylvania avenue sidewalk, to lose about \$90, was sentenced by Justice Stafford yesterday to spend the next four years in the Mountville penitentiary.

Wants Police Retirement Changed.

Amj. Sylvester has recommended an amendment to section 4 of an act relating to the Metropolitan police providing for the relief of certain officers of the police and fire departments in case of retirement.

BIG SUM TO SCIENCE

Carnegie Institute Trustees Approve \$661,300.

GIVE BANQUET TO FOUNDER

Steel Magnate the Guest of Honor at Small Dinner in the Evening—New Officers Are Elected to Fill the Vacancies in the Board—Trustees Approve Plan for New Building.

The fourth meeting of the board of trustees of the Carnegie Institute of Washington was held at the Willard yesterday. Andrew Carnegie, the founder, was present, Appropriations aggregating \$661,300 were voted for scientific researches during 1907. This amount makes provision for the furtherance of work in ten departments already organized, and further provision for the organization of a department of nutrition to be conducted under the direction of Prof. Francis G. Benedict, of Wesleyan University, Middletown, Conn. About \$100,000 has been set aside for the award of minor grants previously implied, for new minor grants, and for research associates.

In the absence of Dr. John S. Billings, chairman of the board of trustees, the meeting was called to order by the vice chairman, Ellihu Root, Secretary of State. Three vacancies in the board were filled by the election of William H. Taft, Secretary of War; Dr. Henry S. Pritchett, President of the Carnegie Foundation for the Advancement of Teaching, and Dr. William H. Welch, of Johns Hopkins University.

Officers Are Chosen.

Dr. Daniel C. Gilman, Dr. S. Weir Mitchell, and Dr. Carroll D. Wright were elected members of the executive committee to succeed themselves, and the following members of the board were elected to the finance committee: D. O. Mills, Henry L. Higginson, and Seth Low.

The triennial election of officers of the board of trustees resulted in the re-election of John S. Billings, chairman; Ellihu Root, vice chairman, and Cleveland H. Dodge, secretary. Those present at the meeting of the board of trustees were John L. Cadwalader, Cleveland H. Dodge, William N. Frew, Daniel C. Gilman, Charles L. Hutchinson, Seth Low, S. Weir Mitchell, Ellihu Root, Charles D. Walcott, Andrew D. White, Carroll D. Wright, and Robert S. Woodward, president of the institute.

The trustees also approved plans for the erection of an administration building for the institute, to be built on the southeast corner of Sixteenth and P streets northwest.

Banquet in the Evening.

A banquet in Mr. Carnegie's honor was given by the trustees of the institute at the New Willard Hotel in the evening. Among those present were Cleveland H. Dodge and Mrs. Dodge, William N. Frew, Daniel C. Gilman, Secretary Hitchcock, Charles L. Hutchinson, Seth Low, S. Weir Mitchell and Mrs. J. L. Mitchell, Nelson Page and Mrs. Page, Secretary Root, C. D. Walcott and Mrs. Walcott, Andrew D. White, Carroll D. Wright, and Miss Wright, R. S. Woodward and Mrs. Woodward, and Secretary Wilson.

RABBITS PROVE A PEST.

Northeast Citizens Want Policemen to Execute All the "Bunnies."

The rabbit question has again been brought to the attention of the Commissioners by a communication signed by nine property owners of the northeast suburbs, requesting that Sergt. S. L. H. Russell, of the police department, be granted a permit to kill these animals. The petition is signed by George W. Farr, Ellsworth B. Farr, P. H. Sheriff, George R. Sheriff, Jacob Beck, George W. Barnes, Thomas I. Strathairn, John Hagan, and J. H. Wood.

It is stated by the petitioners that if the rabbits are not exterminated they will destroy the spring crops.

The request has been taken under consideration by the Commissioners.

WANTS BROTHER RELEASED.

Mrs. Elliott Claims S. M. White Is Not Insane as Charged by Wife.

Claiming that her brother, Samuel M. White, is not insane, as charged by his wife, Mrs. Lillie V. Elliott to-day filed in the District Supreme Court a petition for a writ of habeas corpus requiring Supt. White, of the Government Hospital for the Insane, to show cause why he should not be released.

The petition states that White was adjudged insane by a jury on November 15, and sent to the asylum, the complaint being made by his wife, Mrs. Elliott, declares that her brother at the time was suffering only from nervous hysteria, and that he is of perfectly sound mind.

Liquor License Case Postponed.

The hearing before the excise board, which was to have been held yesterday, relative to the application of Aeneas Collins, a wholesale liquor dealer, at 1419 U street, for a retail license, was postponed until next Monday. Collins' application was recently refused, because the consent of a sufficient number of property owners had not been obtained, and because his site is within 800 feet of the Soldiers' Chapel of St. Paul's Catholic Church.
